

Stanguisher Fire Extinguisher Bracket Installation

www.vetteworksonline.com

1. Adjust the passenger seat back.

2. Remove the front two nuts from the seat mount studs. Keep the nuts, they will be used to secure the Stanguisher bracket

3. Install the Stanguisher extinguisher bracket and install the seat mount nuts and tighten. Place the Amerex bracket onto the Stanguisher bracket using the 3-1/4" button head Allen bolts. Position Amerex fire extinguisher in place and secure straps.

Note:

Read the Amerex manual to be familiar with operation of your fire extinguisher.
